Virtual Workshop in Historical Political Economy (VWHPE)

The [Virtual Workshop in Historical Political Economy](#) (VWHPE) aims to be a central hub for discussing state-of-the-art research in the field of HPE. It allows for members of the international HPE community to come together on a regular basis, learn about recent work on a broad variety of topics, and join a critical conversation.

For the academic year 2026–2027 (September 2026 to May 2027), we are issuing this *call for papers*. We look forward to receiving paper proposals on all subjects of historical political economy. If you would like to submit a proposal, please fill out the following Google form by August 25, 2026 the latest:
